

Miracle Service Report
FEBRUARY 21, 2015
REPORTED BY SARAH KOH

In his message tonight, Pastor Rony spoke about **God's Wonders**. The psalmist in Psalm 19:1 expressed in awe that the heavens declare the glory of God and the firmament shows His handiwork.

The word "heavens" refers to the outer space where the sun, moon, stars, planets and galaxies are; and they all declare the glory of God. Even astronomers are awestruck by the wonders of God's creation. The wonders and beauty of creation surely speaks of a Designer God Who created the universe by Himself!

Let us first consider the sun which is the source of life on earth. Pastor shared that the sun is 93 million miles away from the earth yet we feel its sustaining power as our main source of energy. Since the time of Adam, all the energy manually produced so far until now cannot be compared with the energy we receive from the sun in one second. It is also interesting to know that the sun is over one million times bigger than the earth and the observable universe contains more than 100 billion galaxies. Furthermore, each galaxy has between 100

and 400 billion stars. And the Bible tells us that God uniquely named each star. Does it not blow our finite minds just to know this?

In the micro view of creation is the amazing world of atoms. Scientists discovered that any form of matter is mass energy containing atoms, protons and electrons rushing at the speed of light. For example, if you can harness the energy of a page in a book, there is tremendous power in it. Similarly, if energy is harnessed from just a grain of salt, it could power your household appliances for several months. So there is energy power in every material thing. In the Book of Genesis, it is clear that light is the first thing that God had created. God spoke, "Let there be light," and there was light. This is the most scientific statement made - God created light first, upon which all other creations depended on. Who says the Bible is not scientific?

Therefore, from the sun to the smallest of atoms, we see the majestic greatness of God filled with wonderment. The Bible says that God is everlasting and without end. He is infinite and the universe reflects His attribute of infinity. Our finite minds can never comprehend an infinite God fully. But you must know this same God allows us to understand enough to have a relationship with Him. Thus, considering the infinite creation of God, mankind has no excuse when they do not believe in God. Hence, the psalmist said that only a fool would say in his heart, "There is no God." (Psalm 14:1)

Mankind is the highest creation of God. When we consider the wonders of God's creation, what is man that God should be mindful of him and place him above all His other creations? (Psalm 8:3-4). Here we begin to find our true identity although we are sinful beings. The truth is that God so loved the world that He gave His only begotten Son, that whoever believes in Him shall not perish but have eternal life. This is

the good news of the Gospel, simple but profound, with the implication of seeing further into God's wonders beyond His vast and infinite creation.

For this purpose, 2,000 years ago, Christ died on the Cross and took upon Himself the penalty of our sin. He rose again for our justification. When you approach Him with repentance and believe He is Lord, your salvation is secured. Being aware of a wonderful and awesome God, do not delay and miss this great salvation so full and free!

Indeed, Christ our Redeemer lives! The very same God, Who spins things in orbit, also runs to the sick, weary and lost. And the same gentle hands that hold the broken and afflicted can also settle and seal your eternity once and for all today.

On this third day of Chinese New Year, we praise God that many precious souls found real peace and harmony when they received Christ as their Lord and Savior. Numerous people were also touched and healed by the unlimited power of God. Here are some testimonies:

Susan Leong's **right foot was painful and swollen** for the last three weeks. Despite that, she served as an usher and prayed for healing at the Miracle Service. She garnered prayer support from cell group members and Lighters and also attended the prayer meeting on Thursday as well. Tonight, she thanked God that the pain was gone and the swell subsided after prayer.

Three weeks ago, Susan Sim experienced much pain when the **car door was slammed into her index finger**. She came

for prayer and was completely healed. And last Friday, she was shopping at a supermarket and pushing a trolley with heavy things in it. The next morning, **both her arms were painful, so much so that she could not lift them up**. Last Saturday, she attended the prayer meeting before the service and prayed for her healing. Then at the Miracle Service, amazingly, she could lift up her arms during worship. All the pain was gone for good!

Chua Kheng Ling woke up this morning with a **headache that became progressively worse during the day**. At the prayer meeting before the service, she prayed for healing. Though the headache was largely lifted, she still had to endure some residual pain. However, during the worship at the Miracle Service, she continued to pray and the pain was complete gone. Usually her headaches would last for two to three days, but this is the first time it was gone speedily within a matter of hours. Praise God!

Last November, Nathanael Vanniasingham had a **heart attack** and was hospitalized. He then recovered from it and was discharged. However, **his blood pressure was high with a reading of 170/110**. He was concerned and had been constantly monitoring it with a blood pressure monitor. Someone advised him to trust and praise God for his healing and not focus on the blood pressure readings, which he did. One and a half months later, he was prompted to check his blood pressure. Amazingly, the reading as of today was 119/72, which is within the optimal blood pressure range. Besides, his **heart condition has also normalized**. Hallelujah!

We serve a
GOD OF WONDERS!

MARCH 08, 2015

Next Sunday
SATAN'S MANY TRAPS
By Pastor Rony Tan

IDENTITY SERIES

WHAT IS A Spiritual Leader?

BY PASTOR PACER TAN

Spiritual leadership is
more than a duty. It's a
calling from the Lord.

When Paul was
instructing Timothy, he
explained the qualities
of what a spiritual
leader should be like.
If you have a calling to
be a shepherd in Christ's
church, this message
will spur you on.

Messages in CDs and DVDs may be ordered at the counter.

**Today's Pre-Service Upperlight
Prayer Items**

1. Churches in Singapore

- To continue preaching the full Gospel of Christ
- To train believers to be more like Christ

2. Creative Department

- God's wisdom and creativity upon all personnel
- To be sensitive to the Holy Spirit's guidance

March 12 Thursday Upperlight

Prayer Items

- Miracle Service
- Healing of hypertension, diabetes and high cholesterol
- Lighters who are intimidated and persecuted for Christ's sake
- Students who are academically weak
- National Servicemen

Miracle Service

On March 14

This Saturday, March 14, Pastor Rony's message will be interpreted on stage from English to Mandarin. Make it a point to invite your English and Mandarin-speaking friends to join you in the Sanctuary for the service. This is the best opportunity to offer them God's salvation and healing touch.

**Good Friday
Services**

Date : April 3, 2015
Time : 9.00 am & 11.15 am
Venue : LEW (Live) & LET (Video-conference)

Good Friday is a time to remember the sacrifice Jesus made for us on the cross. Join us this coming Good Friday for a time of worship, and a special evangelistic message depicted in a play

**Sheep's
Clothing Store**
by the Dramalighters.

Synopsis:

A customer walks into the Sheep's Clothing Store to get some clothes. As time goes by, she learns that there is something really wrong with the store. One wrong step, and she may end up in danger. Discover the outcome on Good Friday.

Remember to invite your loved ones and friends to this evangelistic event.

NB

LEW - Parents with children will be seated at level 3 of the Sanctuary.

LET - Parents with children will be seated at the back wings of the Sanctuary.

NEXT SUNDAY'S MESSAGE

**SATAN'S
MANY TRAPS**

Next Sunday, Pastor Rony will be preaching an insightful message on *Satan's Many Traps*. This message will help you better discern the spiritual realm of darkness, the deadly traps of the enemy and how to effectively thwart his evil schemes.

Use the Share With WhatsApp feature in Lighthouse app to invite your friends to the Sunday Service to listen to this sermon that we all need in this age of increasing deception.

**AN EXTRACT FROM THE BOOK
EFFECTIVE LEADERSHIP
WRITTEN BY PASTOR RONY TAN**

What is the ultimate purpose of your leadership?

The ultimate purpose of leadership is to fulfill the God-given vision and, in the process, make leaders and leader-makers. He who leads without leading others to lead is no leader. A successful person without a successor is not a great leader at all.

In any production, there is a process and an end product. However, we can be so concerned about the end product that we try to shortcut the process. And that can be damaging in the long run.

In quality control, an effective controller should be more concerned about the process rather than the end product. This is because once the process is well taken care of, the quality of the product is guaranteed.

When the space shuttle "Challenger" exploded in mid-air, the whole world was stunned. The root problem was attributed

to the process which adversely affected the product.

The quality controller was interviewed over national television by "60 Minutes". Although many months had passed by, he stated with tears in his eyes that he had warned NASA that the space shuttle was not ready to be launched.

But NASA was more interested in the end product of a big display to the world than the painstaking process to ensure safety and enduring success. As a result, the Challenger exploded in mid-air and everything was crushed, including the ego of NASA. Remember, the process determines the product.

A leader is great not because of his own power alone but also his ability to empower others. A worker's main responsibility is to do the work himself. But a leader's main responsibility is to develop others to do the

work with him. Leadership is getting people to run with your vision and work with you when they are not obligated to do so.

In the Great Commission, Jesus commands us to go into the world, preach the Gospel and make disciples. We know that this is area-extensive and leadership-intensive.

The church is the most leadership-intensive enterprise in society. Let's be good disciples and then in the process, be good disciple-makers.
