

Swordlight 2012 – Registration Form

Course Title: The Life of Christ

Course Details

Swordlight is a comprehensive Bible Study system that will help serious students to cover the whole Bible in 8 years. Each course will last one year. The format of Swordlight consists of daily homework, group discussion and lecture. 2012 will also be the commencement of our second cycle of Bible Study.

As a student does his daily homework, he can contribute to the group discussion led by a facilitator. The session will conclude with a lecture by the instructor. Students will also receive a set of notes for the study of the week. As a student digests the study notes, he would have learned the content four times over.

There are four terms in each course with breaks in between. The breaks coincide with the school vacations to enable participants to spend time with their families during school holidays.

Course Description

Essentially, this is an in-depth study of the four Gospels on the Life of Christ. It will cover every verse beginning from His pre-existence to His ascension. This course aims to be biblical and practical in orientation.

Since Jesus Christ the Rock is the foundation of our faith, a study of His life will strengthen us. It will help us to establish our experiences in our spiritual pilgrimage to glorify God. Such a study will also help us to build a solid relationship with the King of Kings and Lord of Lords.
